

Report on REGALIA – Annual Cultural Fest of RCC Institute of Information Technology

RCC Institute of Information Technology, Kolkata, successfully hosted its annual cultural fest REGALIA, the flagship cultural extravaganza of the institute, celebrating creativity, talent and togetherness on campus. Organised entirely by students under the guidance of the college administration and faculty coordinators, the fest once again proved to be one of the most awaited events in the RCCIT academic calendar.

About the Fest

REGALIA is the official annual cultural fest of RCC Institute of Information Technology, designed to provide a vibrant platform for students to showcase their skills in music, dance, drama, fashion and various performing arts. Over the years, it has grown into a large-scale event featuring inter-college participation, celebrity performances and professional production quality, while highlighting the cultural diversity and youthful energy of the RCCIT community.

Theme and Atmosphere

The latest edition of REGALIA carried forward the spirit of celebration and artistic expression, with the campus and venues transformed through creative décor, thematic posters and dynamic lighting. Social media teasers, reels and posters from the official REGALIA Instagram handle kept the excitement high in the weeks leading up to the fest and captured the energy of the events in real time. The overall ambience reflected a professional yet festive environment, combining disciplined event management with an informal, enjoyable cultural experience for all attendees.

Dates, Venue and Organisation

REGALIA events were conducted over multiple days, with flagship programmes and major performances hosted at prominent venues associated with the college's cultural calendar. The fest schedule included pre-events like "Carpe Diem" and "Sargam" as lead-ups to the main days, followed by high-impact events such as "Nrityam", "Band Bash" and themed cultural showcases. Under the leadership of the Principal-in-Charge and the Faculty-in-Charge of Students' Activities and Cultural Affairs, alongside dedicated student conveners and coordinators, REGALIA was executed with meticulous planning and smooth coordination.

Star Attraction: Live Performance by CACTUS

The biggest highlight and main crowd-puller of this edition of REGALIA was the live performance by the iconic Bengali rock band CACTUS. As the band took the stage, lights dimmed and the arena erupted, with Bangla rock numbers resonating through every chord and line, creating an electrifying atmosphere. Students sang along to popular tracks, waved flashlights and turned the space into a concert-like experience that became the defining memory of the fest.

The performance by CACTUS not only delivered musical excellence but also reinforced REGALIA's stature as a fest capable of hosting legendary artists and giving students a professional-grade live music experience on their own campus platform. Collaborations with event partners and professional agencies supported high-quality sound, lighting and stage management, enhancing the impact of the performance.

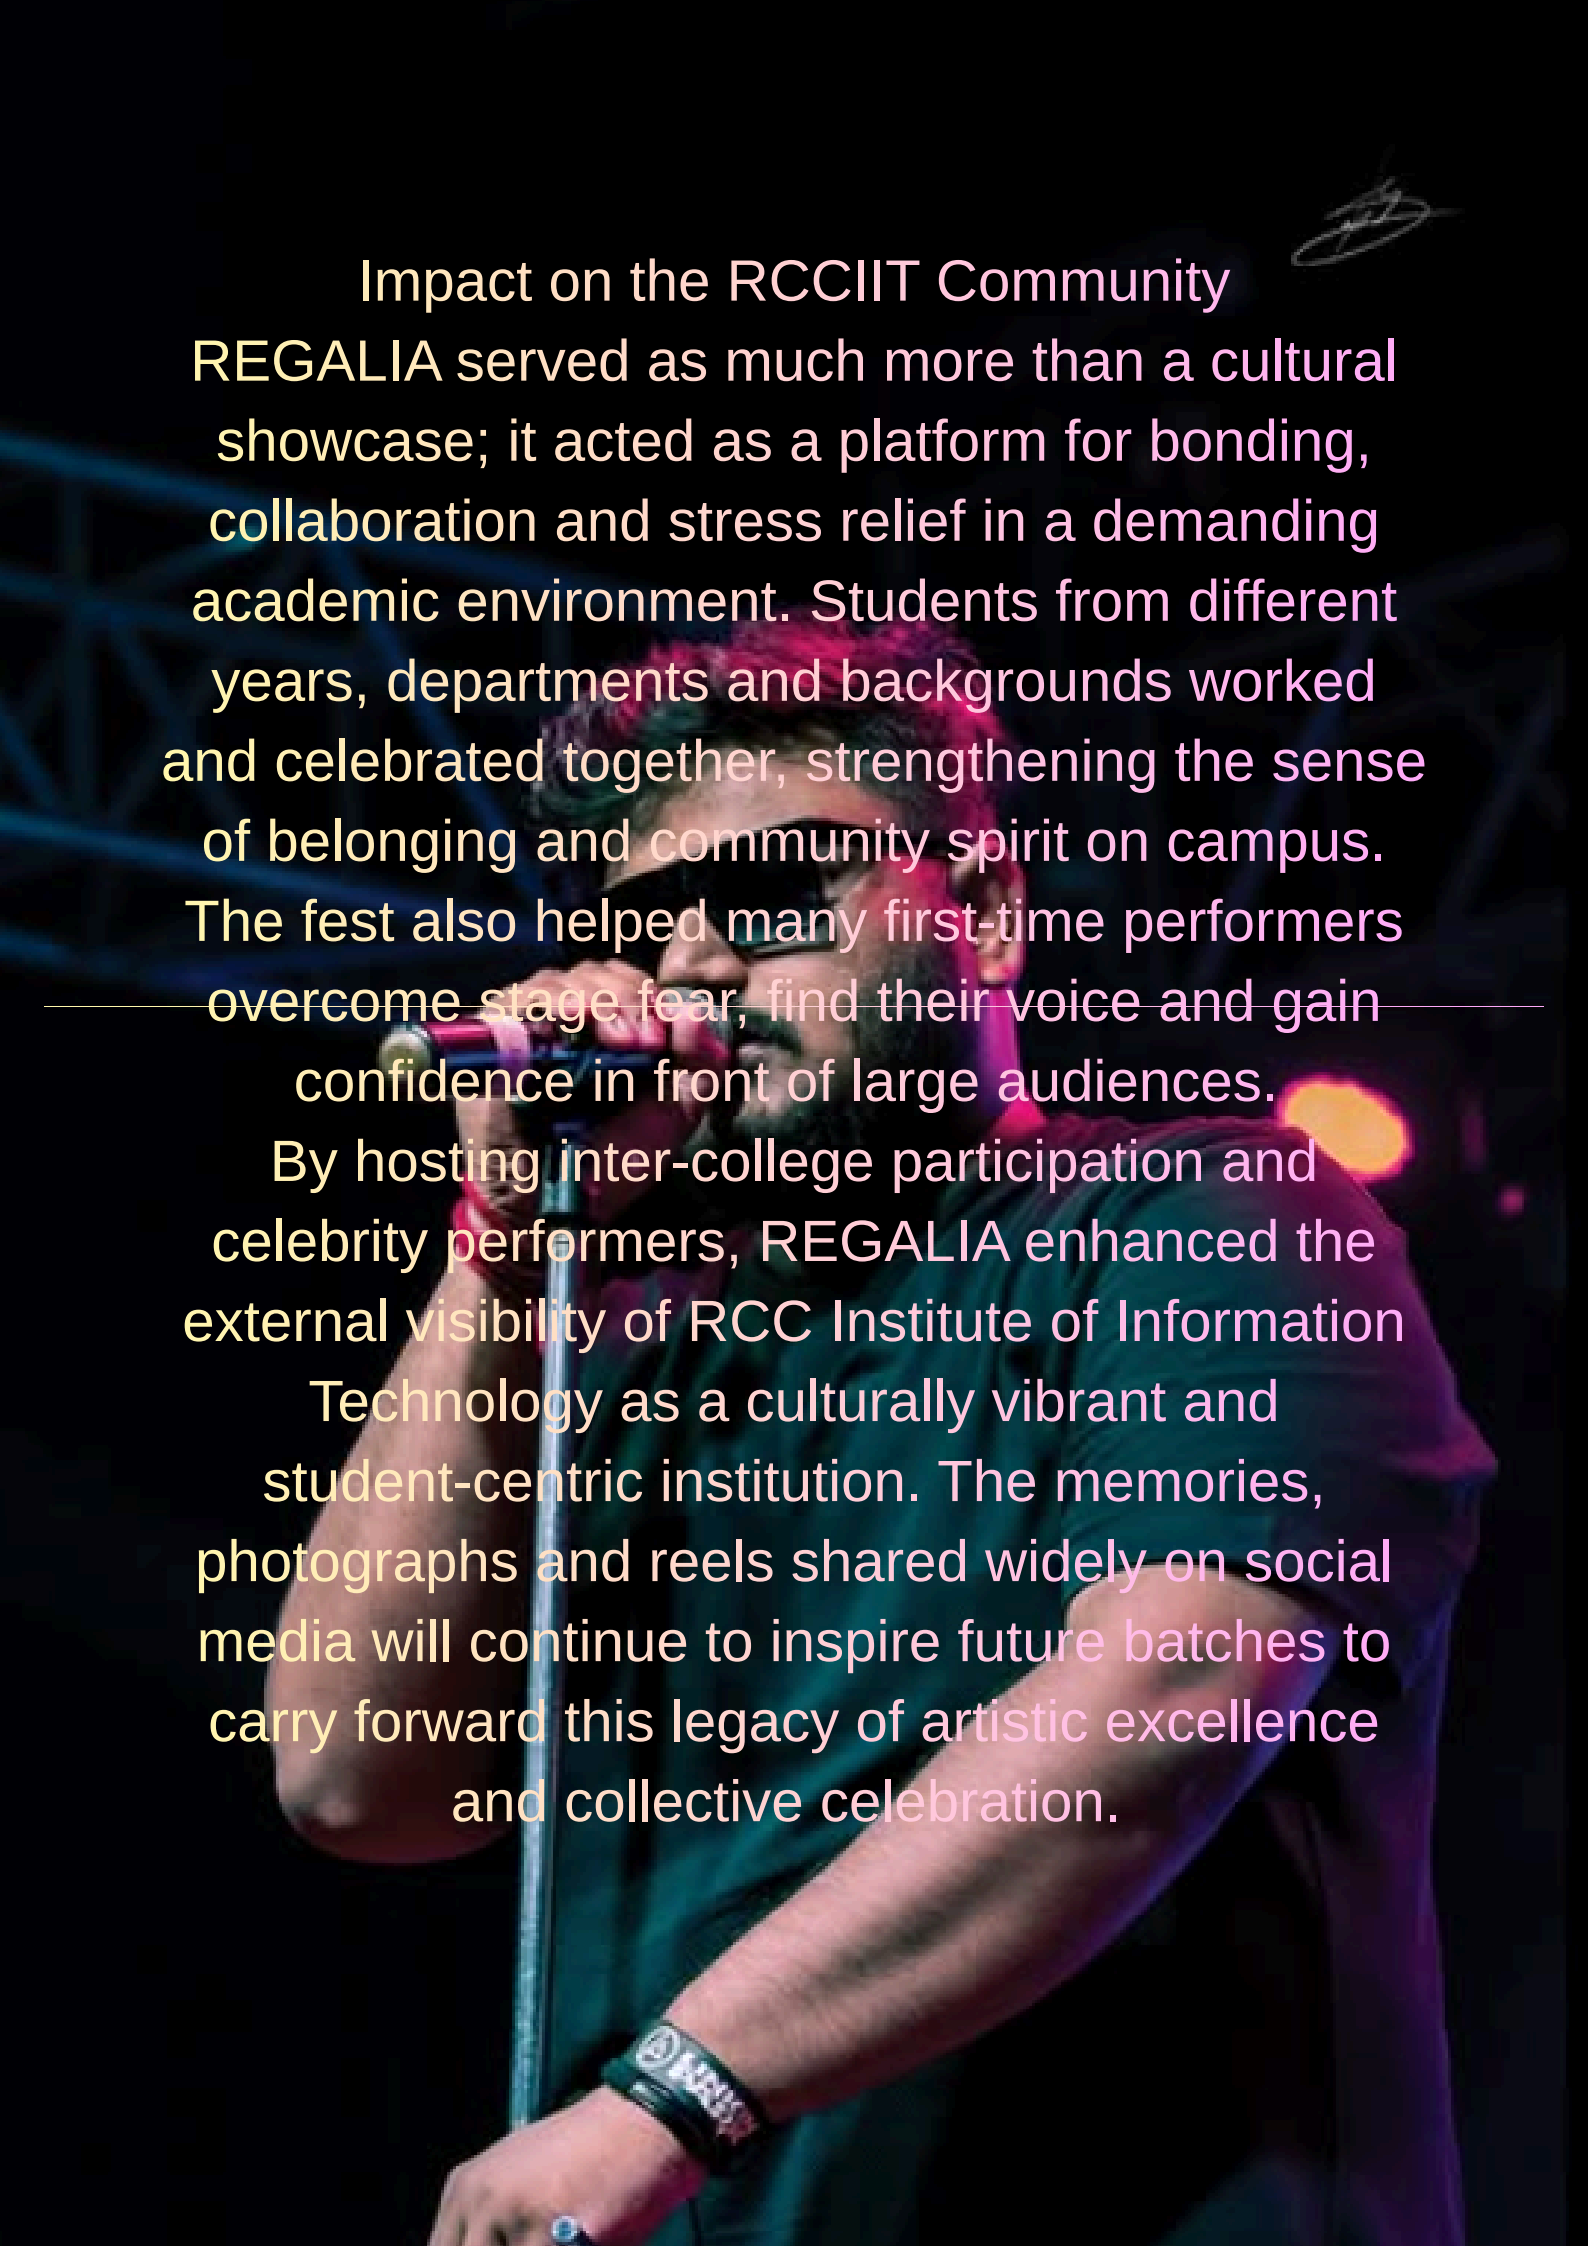

Events and Competitions

REGALIA featured a wide range of competitions and showcase events, ensuring participation opportunities for students with diverse talents. Major segments included:^{[4][1][3]}

- Music events: Solo singing, duet performances, group songs, “Sargam” and battle-of-bands style events such as “Band Bash”, covering genres from Indian classical and semi-classical to Western and contemporary music.
- Dance events: Flagship dance competitions like “Nrityam” brought together performers from various colleges and backgrounds, featuring classical, folk, contemporary and fusion performances with dynamic choreography.
- Drama and acting: Stage plays, skits and short dramatic pieces allowed participants to explore social themes, comedy and intense character portrayals, providing a strong platform for theatre enthusiasts.
- Fashion and cultural showcases: Fashion show segments and themed cultural walks highlighted style, confidence and presentation, often tied to creative concepts and narratives.
- Other cultural activities: Events such as choreography competitions, antakshari, creative group activities and informal cultural games ensured that non-performing participants also remained actively engaged.

Each event was designed with clear rules and judging criteria, promoting fairness, discipline and healthy competition among participants. The variety of categories ensured that students from all streams and batches could find a suitable avenue to express themselves.

A man with a beard and glasses is singing into a microphone on a stage. He is wearing a dark green t-shirt and a black wristband. The background is dark with blue and purple stage lights. A small, stylized signature is visible in the top right corner.

Impact on the RCCIIT Community

REGALIA served as much more than a cultural showcase; it acted as a platform for bonding, collaboration and stress relief in a demanding academic environment. Students from different years, departments and backgrounds worked and celebrated together, strengthening the sense of belonging and community spirit on campus. The fest also helped many first-time performers overcome stage fear, find their voice and gain confidence in front of large audiences.

By hosting inter-college participation and celebrity performers, REGALIA enhanced the external visibility of RCC Institute of Information Technology as a culturally vibrant and student-centric institution. The memories, photographs and reels shared widely on social media will continue to inspire future batches to carry forward this legacy of artistic excellence and collective celebration.

Conclusion

REGALIA once again lived up to its reputation as the signature cultural fest of RCC Institute of Information Technology, combining high-energy performances, a legendary CACTUS concert, diverse events and exemplary student organisation. The college community looks forward to future editions of REGALIA, with the confidence that each year will raise the bar higher and provide an even more memorable platform to “redefine, radiate and reveal” the talents of RCCIIT’s students.
